2. SCOPE OF WORK

2.1 Introduction

OVS invites applications for financial assistance to fund case manager(s) for currently funded OVS VAPs or CACs. Case managers are critical to the provision of comprehensive, victim-centered work. It is rare that a single victim assistance program can meet the myriad needs of the crime victims that it serves. Immediate and long-term needs of crime victims may include services related to: medical, legal, mental health, criminal justice, social services, advocacy, housing, clothing, food, transportation, immigration, financial, and employment, among others. Recognizing that effective case management services are a vital victim service that is not often available under its existing contracts, OVS is using its increase in federal VOCA Victim Assistance grant award to fund case management services for OVS-funded VAPs and CACs.

The goal of this solicitation is to address the short and long-term needs of victims through the use of case managers. An effective case manager can assess a crime victim’s unique needs and then identify and coordinate the resources to address them. Case management provides care coordination, communication, comprehensive needs assessment, and advocacy to promote the best outcomes for victims. This Request for Application (RFA) outlines how to apply for funding to support this position(s) in VAPs and CACs currently funded by the New York State Office of Victim Services. Applicants may submit one application for each contract that they currently have funded by OVS. This RFA will support case manager salaries, associated fringe benefits and a limited non-personal service (NPS) allocation to support other than personal service costs associated with the position(s) such as travel, computers, etc. NPS may not exceed $5,000 per case manager per year.

2.2 Required Roles for Funded Case Manager(s)

The purpose of a case manager is to oversee coordination of the care of the victim in response to a variety of challenges and needs that arise from the victimization. Often, the injury itself is just the beginning of a complicated recovery. As a result, the case manager funded under this grant will be required to communicate, coordinate and collaborate with the OVS Vocational Rehabilitation Unit and the New York Civil Legal Network to ensure that victims are receiving the most comprehensive response.

A. OVS Vocational Rehabilitation Unit Contact

Some crime victims face significant permanent or long-term disabilities that impact their ability to perform many of the functions of daily living, travel, or ability to access the multiple services that are available to them without assistance. The OVS Vocational Rehabilitation Unit (“Unit”) assists these victims who would otherwise have limited or no ability to obtain the appropriate assistance. While the work of the Unit is critical to the health and welfare of many crime victims, the Unit’s ability to meet the victim’s needs may be limited by distance, logistical complications, missing paperwork, language, transportation or the lack of coordination of services. Many of these “roadblocks” to the efficient, timely and compassionate delivery of Vocational Rehabilitation Services could be addressed through the assistance of a case manager at an OVS-funded VAP or CAC. Since approximately 80% of the OVS claims for compensation are submitted with the assistance of the OVS-funded VAPs or CACs, and 408,000 individuals were assisted by a VAP last year, a logical point of contact to facilitate OVS vocational rehabilitation services with victims should be with our VAPs or CACs. A successful applicant under this solicitation must agree to have the case manager(s) funded under any resulting contract serve as the primary point of contact with the OVS Vocational Rehabilitation Unit. The case manager(s) will be responsible for coordinating with the Vocational Rehabilitation Unit and
respond timely to any requests for assistance by the Unit in serving any OVS claimant requiring Vocational Rehabilitation services.

Currently, OVS has a small Vocational Rehabilitation Unit. The objective of the OVS Vocational Rehabilitation Unit is to improve the quality of life for individuals permanently disabled as a direct result of a crime.

Some of the responsibilities of the Vocational Rehabilitation Unit include:

- Managing the vocational and occupational rehabilitation program for victims and survivors of crime;
- Reviewing the claimant’s treatment plan to ensure services are allowable and causally-related;
- Reviewing any requests for home modifications necessary as a result of a disability due to a crime;
- Reviewing requests from claimants for high cost medical equipment (i.e. wheelchairs, beds, prosthesis, vehicle modifications etc.);
- Working with vendors for reasonable and customary costs;
- Reviewing medical bills, reports and claimant requests for appropriateness to injuries sustained from the crime; and
- Developing and maintaining cooperative relationships with community resources to assist the victim in achieving pre-injury status or maximum potential.

B. OVS Civil Legal Network Primary Contact

Victims may also need assistance with a variety of civil legal needs that arise from their victimization. Victims can experience complications with contracts, family court, immigration, housing, and social services among many others. Therefore, it is critical that victims have access to a civil legal network that can provide information, resources, and representation.

The NY Crime Victims Legal Network Project is part of the Office for Victims of Crime Vision 21 initiative’s effort to provide “holistic legal assistance for all crime victims” that arise in connection with their victimization. The NY Crime Victims Legal Network is a partnership of organizations working together to address the civil legal needs of crime victims. The Network’s goal is to develop new technology solutions to connect victims of crime with the appropriate legal services they need. The Project is currently in an 18-month pilot phase and is expected to be rolled out to the entire State, outside of New York City, in the Fall of 2018.

The case managers funded under any contract resulting from this solicitation must also serve as the point of contact for the New York State Civil Legal Network once the Network becomes operational. That network will require navigators to assist victims in accessing the Civil Legal Network, and the funded case managers will serve as a point of contact for those network navigators once the Network becomes operational.
2.3 **Eligibility**

All VAPs and CACs which are currently funded by the Office of Victim Services are eligible to apply under this RFA. Please see Attachment 1.

Maximum funding amounts are calculated based on OVS FTE positions excluding volunteers. Please refer to the chart below for the general number of Case Managers that may be eligible for funding under this solicitation. Please see Attachment 1 for a list of each specific OVS contract and the maximum number of full time equivalent (FTE) case manager position(s) that may be requested under this solicitation.

Applicants are encouraged to include all information that they deem pertinent to their application. Applicants may be requested to provide clarification based on the State’s evaluation procedure. Any clarification will be considered a formal part of the Applicant’s original application. If further clarification is needed during the evaluation period, OVS will contact the Applicant.

5. **Project Budget**
   Using the forms provided in the on-line application, prepare a detailed proposed budget of annual program costs for the first year. Ensure that sufficient details are provided, that the budget is reasonable, appropriate for the number of positions to be funded and in compliance with funding restrictions and limitations noted elsewhere in this RFA. The narrative, workplan and budget should be tied together in such a way that the funding request is supported by the workplan and justified through the narrative. **Applicants must upload an excel spreadsheet containing the second-year and third-year budgets and explain any budget changes from year one. This document can be found under the pre-submission uploads.**

   **Please Note:** Funding must be for a **new** Case Manager position. Existing Case Manager positions will **not** be funded through this RFA.

6. **Budget Narrative** (See Program Specific Question 2)

The location where the case manager will be working should be noted. **The Position Description Form must be uploaded into Grants Gateway.**
4. EVALUATION AND SELECTION PROCESS

4.1 Application Evaluation

The Application will be evaluated and scored based upon the criteria set forth in this Section. Applications will be evaluated for best value to the State.

There will be a two-step evaluation of each application after the Grants Gateway System automatically screens for the information below. Applicants will not be able to submit an application if these conditions have not been satisfied:

- Application was submitted on time. The deadline for application submission is 2:00 pm EST on January 26, 2018.
- The applicant is an eligible organization as described in Section 2.3. You may also see Attachment 1.
- The applicant has submitted all required responses to the application questions.

Pass/Fail Evaluation

This evaluation will assess whether applications satisfy the minimum "pass/fail" criteria for funding consideration. All proposals will initially be screened by OVS reviewers to see if all required materials are submitted and if all pass/fail checks have been successful. Any application that does not meet each of the following criteria will be immediately disqualified from further review.

- Applicants must provide their current contract number with OVS as proof that they have a current contract.
- Applicants must certify that the funded case manager(s) will serve as the liaison(s) with the OVS Vocational Rehabilitation Unit as needed. (Applicants must upload the “Letter of Certification” Form into Grants Gateway as part of the on-line application to acknowledge this requirement.)
- Applicants must certify that the funded case manager(s) will serve as the point of contact(s) for the New York State Civil Legal Network once the Network becomes operational. (Applicants must upload the “Letter of Certification” Form into Grants Gateway as part of the on-line application to acknowledge this requirement.)
- The application is complete when it includes:
  - Program Work Plan Section
    - Proposed Services & Implementation
    - Objectives, Tasks, & Performance Measures
    - Project Budget with Narrative
  - Problem Statement Section
  - Prequalification in Grants Gateway (if applicable).
- All successful applicants must demonstrate substantial financial support from sources other than the Office of Victim Services. This can be demonstrated when at least 25% of the program’s funding in the year of, or the year preceding the award comes from such sources, which may include other federal funding programs. (Applicants must upload the “Annual
Funding from All Other Sources” Form into Grants Gateway as part of the on-line application to document other financial support.)

- All successful applicants must demonstrate that they use at least (1) volunteer in their agency. (Applicants Must Upload a Volunteer Form into Grants Gateway as part of the on-line application to document use of volunteers.)

All applications that satisfy the pass/fail check will proceed to be reviewed by a panel of reviewers. Each application will be reviewed by 2 individuals. A standard rating tool will be used by all reviewers to score each application. The maximum score will be 50 points. Each category (Organizational Capacity, Problem Statement, Proposed Services and Implementation, Objectives, Tasks and Performance Measures and Budget) within an application will be scored and those category scores will be totaled for a combined overall score. The final score will be an average of the 2 reviewers’ scores. Eligible applications will be ranked in order of overall final score from highest to lowest. Awards will be made to those applications receiving the highest final scores and continuing until available funds are exhausted, or all successful applications are funded.

### 4.1.1 Evaluation of Applications

1. **Organizational capacity (10%)**: Provide a description of the organization, explaining the agency’s experience in providing direct services to victims. Applicants should demonstrate their record of providing direct services to victims, state where services are provided, the scope of services, staffing and resources available to the victim population and current collaborative efforts with other community organizations that are in support of their programs. Strong applicants will describe how they promote, within the community, coordinated public and private efforts to assist victims. This element will be scored from the Program Work Plan section of the application.

2. **Problem Statement (20%)**: One of the major keys to your application is the Problem Statement. Applicants should demonstrate the need for case management services at all locations for which they are requested. Gaps in services should be convincingly identified using examples of current problems which illustrate the need for case management services while being sure to protect victim confidentiality. Applicants are encouraged to show how the lack of coordinated case management services presents undue constraints on VAPs in their goals to assist victims. Strong applicants will persuasively describe what is preventing them from providing the best possible services and how a case manager position will enhance services. This element will be scored from the program specific questions that are found in the Grants Gateway.

3. **Proposed Services and Implementation (30%)**: Applicant should describe the services and activities to be undertaken. How these services and activities address the gap in services described in the Problem Statement should be clearly explained; include a justification for staff and resources. This element will be scored from the Program Work Plan section.
4. **Objectives, Tasks and Performance Measures (20%)**: The Program Work Plan should identify all the objectives and performance measures that address the needs identified in the Problem Statement section, and the services and activities described in the Proposed Services and Implementation section. At a minimum, the proposal must include the one (1) required objective and one (1) required task defined in the Overview of the Work Plan Statement of the RFA. Additionally, the proposal must certify that the case manager(s) hired through this solicitation will serve as the liaison with the OVS Vocational Rehabilitation Unit as well as point of contact for the New York State Civil Legal Network once the Network becomes operational. At a minimum, the proposal must include the required tasks defined in the Overview of the Work Plan Statement of the RFA. Stronger applications will have a significant number of services beyond the one required task.

5. **Budget, including Budget Narrative (20%)**: A detailed budget for the first year of the project must be complete and provide sufficient detail, be reasonable and appropriate for the number of positions to be funded (refer to section 2.3) and be tied to the proposed project narrative.

Using the forms provided in the on-line application, prepare a detailed proposed budget of annual program costs for the first year. **Applicants must upload an excel spreadsheet containing two tabs: one for the second-year budget and explaining any budget changes from year one and another for the third-year budget and again explaining any budget changes from prior years. This document can be found under the pre-submission uploads.**

### 4.1.2 Tie Breaker

In the event that two or more of the applications have a tied score after final calculation of all categories, the application with the higher score in “Proposed Services & Implementation” will prevail.

### 4.2 Notification of Award

After the evaluation, all Applicants will be notified of awards and for successful candidates, that a contract will be forthcoming for execution. The original application and any additions or deletions to the application become part of the contract.

Public announcements or news releases pertaining to any contract resulting from this solicitation shall not be made without prior written approval from the Administering Agency.
5. **ADMINISTRATIVE INFORMATION**

5.1 **Administering Agency**

OVS is the administering agency for the State of New York through which VOCA Victim and Witness Assistance Grants are awarded across the State.

5.2 **Method of Award**

This is a multiple award solicitation.

Each response will be evaluated based on the information submitted by the applicant connected to the categories referenced in section 4.1.1.

Upon determination of the best value applicants, a Grant Contract Agreement will be completed. This contract will be executed via the Grants Gateway to be forwarded for all necessary signatures and State approvals. Upon final approval, a fully executed copy will be available to the grant recipient via the Grants Gateway.

Awards may be made until all designated funds of $130,000,000 have been exhausted.

5.3 **Term of Contract**

This contract will commence on April 1, 2018 and will be in effect for three (3) years with the option of (1) one (2) two-year renewal period.

5.4 **Termination**

The State of New York retains the right to cancel this contract for convenience, provided that the Grant Recipient is given at least thirty (30) days written notice of OVS’ intent to cancel. Any cancellation by OVS under this section shall in no event constitute or be deemed a breach of any contract resulting from this Solicitation and no liability shall be incurred by or arise against OVS, its agents and employees therefore for lost profits or any other damages resulting therefrom. This provision should not be understood as waiving the State’s right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision.

5.5 **Distribution of Grant Funds**

Awarded grants will be eligible to receive an initial 25% advance payment, if requested and all subsequent payments will be on a quarterly reimbursement basis.

5.6 **Grant Funding Conditions**

Total funding available for the entire (5) five-year period shall not exceed $130,000,000. These grant awards are funded by the federal Victims of Crime Act of 1984, which supports both victim compensation and victim assistance programs in each state. VOCA funds are administered by the Department of Justice. Projects will be supported with federal and state dollars.

Applicants may choose to either hire an individual to fill the Case Manager Position OR hire a consultant to fulfill the Case Manager duties.
All Agreements and funding are subject to the availability of funds. Funding is not guaranteed. Modifications or additional requirements may be imposed during the Agreement period. Please also take note of the following conditions:

Funding requests for a case manager may include the costs of both salary and fringe for each year of the three-year contract. Annual funding requests for salary and fringe for one full-time equivalent case manager are limited to a maximum of $75,000 per case manager per year. For each case manager, up to $5,000 per year in non-personal service requests can be made to support equipment, travel and related administrative expenses for the case manager. Maximum annual requests per case manager hired are:

Exception: If an applicant wants to hire a consultant to provide the case management services, rather than hire a staff person, this cost may be requested under the non-personal services portion of the budget, but the contract amount for these services cannot exceed $75,000 annually per authorized case manager, see chart below.

If the contract for these services costs less than $75,000 annually, the amount under $75,000 cannot be requested for other non-personal or personal services.

The budget and program narratives must justify the use of a consultant over the hiring of a staff person to perform case management services. If an applicant is eligible to hire 3 case managers but would prefer to contract out this service, the annual amount of the resulting contract for these services cannot exceed $240,000. If these services are contracted out, the contract must specify that the consultant or contractor will serve as the point of contact for the OVS Vocational Rehabilitation Unit and the NY Civil Legal Network.

### 5.6.1 Funding Purpose and Eligible Costs

These funds will be used to provide OVS-funded VAPs and CACs with a case manager(s) for each of the (3) three years, and if approved one additional (2) year renewal period. The purpose of this procurement is to fund new case manager position(s). Under VOCA regulations, applicants may not supplant the case manager position with an existing employee, even if they are currently in a case manager title.

Eligible Costs for the Case Manager(s) may **only** Include:

- Salary.
- Fringe.
- Non-personnel service costs (i.e. Travel, Equipment, and Indirect Costs) not to exceed $5,000, unless an applicant elects to hire a consultant/contractor for case management services as noted above. In that instance, the NPS maximum is increased by the value of the contract for those services not to exceed the limits for the contract value per eligible contract manager.
- Indirect costs, which are included in NPS, may also be included in this application as a separate cost in the operating expenses category. **If your agency has a negotiated rate, a copy of the Indirect Cost Rate Agreement must be uploaded with your application.** Any applicant wishing to use a flat de minimis rate of 10% of modified total direct costs (MTDC) must certify that they have NEVER had a negotiated federal cost rate and that they will apply the rate to all of their federal grants, not just this grant.
